

Primary Canteen Day

A Canteen Day was held on 27th Sept 2024. Teachers along with the help of parents/P.T.A organized this day in a unique manner. Parents strongly supported the P.T.A in getting tasty food items ready to tempt the taste buds of the children. The carnival like atmosphere of the canteen was infectious with all smiles and fun. Students faced with an array of choices like ice candies, pastries, sev puri chicken samosas, croquets, were shami kebabs etc... Menus were displayed with attractive posters and affordable rates on it, to cater to children's pockets. The excitement was double fold: when children danced to the choicest songs played for them. There was an accessory stall too for them. It was a day for parents and teachers to socialize with one another. It was an enjoyable time for children with meals and opportunity to learn to be disciplined and respectful, to take a break from classroom and learning many important skills in an informal way. Children ate of their favourites that tempted their taste buds. Though it was a day blessed with heavy showers, it did not take away the excitement in students, to come to school and be a part of the Canteen Day. It encourages children to be independent at home, in school and in the community. The purpose of this event was to create positive and happy environment for children and also to raise funds for school activities.
