

19th - 23rd AUGUST, 2024

English Literary Week 2024: A Celebration of Creativity and Language

The English Literary Week at our school commenced with a vibrant inaugural ceremony on 19th August 2024. Students presented a captivating skit that emphasized the significance of the English language in our lives. This was followed by a thought-provoking PPT on various genres of books and movies, enriching the literary experience for everyone. An inter-house GK quiz on English literature added a competitive edge to the proceedings. Throughout the week, students participated in a range of competitions, including mono acting, dressing up as their favourite book characters, impromptu speaking, Spell Bee, debate, individual elocution, choral recitation, and handwriting, showcasing their exceptional talents. In addition to the stage events, classroom activities such as punctuation chart preparation, puppet making, blackout poetry, and designing book covers or bookmarks with favourite quotes kept the creative energy flowing. A special highlight was the "Book Tasting" event conducted outside the library, allowing students to explore different literary flavours. The week concluded on 23rd August with a grand curtain call, celebrating the winners of all the competitions and recognizing the dedicated efforts of the English teachers. English Literary Week 2024 was a triumph, bringing out the very best in our students and fostering a deep love for language and literature.
